

Bristol and District Anti-Cuts Alliance

Who Really Runs Bristol?

Big Business Or Councillors?

**Tuesday 26th February. From 5.30pm
'M' Shed, Princes Wharf, Wapping Road, BS1 4RN**

George Ferguson's budget proposes cuts of £35 million to the city's budget. 330 jobs will go. Children's Centres are under attack; no new swimming pool for East Bristol; no recycling centre for Hartcliffe; cuts to money for bringing empty houses back into use. And an increase in council tax when many people's benefits are being cut. Already Youth Services and Home Care for the elderly have been privatised. More services will follow. On the evening of 26th February, when councillors will be discussing these proposals, Ferguson prefers to meet his friends from the Institute Of Directors. BADACA will be there to tell him to listen to the people of Bristol not his big-business friends. Please join us.
